Re: Minutes and Directives from Eid-ul-Fitr Meeting  
May 8th and 9th Hancock, N.Y.

IMPORTANT! Each administrator must take every possible step to adhere to the Commands of Al-Mighty ALLAH and His Apostle(sas) and the directives of El-Shaikh and those place in authority by El-Shaikh to the best of their abilities on themselves, their families and those they are in charge of in their areas of responsibilities

1. First and foremost obligation for every member of this jamaat is to pay the 10% of their lawful income. Records must be kept and once monthly a report sent to Naib Jamil A Haqq with account of monies received in and from whom and spent [if any] with receipts. All members not paying will be reported to the council of Naibs and those individuals will be notified for explanation; and then a final decision as to their status will be made. Note: All area administrators should first inform the Talib and Talibah of the seriousness in not fulfilling their responsibility prior to sending the names to Naib Jamil.

fund raising or a banking system besides the 10% to collect a certain amount weekly for jamaat emergencies etc. Choose one person or group of persons in your area to collect and keep records of this money. This is a must to be able to aid the talibs and talibahs in time of need.

3. We have set a figure of \$50.00 per family for the next coming Eid-ul-Fitr. We will hold every year for after Ramadan one Eid in one location. For the 10 months you must collect the \$50.00 per family and set up a system for collection. When Eid preparations start these funds must be mailed to Eid site when called for. Also each family on their own should start saving for the expenses for this trip. The Kafars have a fund called Christmas Accounts; well this Eid account can go along the same line. Every week put away a little and do not bother it.

Note: The Eid site will be forthcoming within a month or so. but start right Now! *Saving*

4. Each administrator must know the condition, the needs and the complaints of each member in their area of responsibility. On this note each member should make it clear to the administrator their state in order to bring about a more loving and more tolerable condition. Let us again build on the love for each other <sup>and</sup> to uplift this jamaat to its maximum potential.

5. Each jamaat representative must send a complete resume and head count of all persons in your area. The jamaat needs and a propose plan of action in resolving the problems to the above address:

6. Those talibs in location alone and those that are not effective in their area will be relocated to area to strengthen and build to better the jamaat.

7. The administration will hold an Istama twice yearly to cover problems and needs and to evaluate our progress. Our main interest will be to study the Holy Quran and Sunnah to continually learn our deen to study how best we can serve the jamaat.

8. All area representatives must handle the affairs of
